22.1 Enrollment

The Children with Special Health Care Needs (CSHCN) Services Program enrolls hospice organizations and home health agencies licensed to provide hospice services. These agencies are not required to be actively enrolled in Texas Medicaid. However, they must be licensed by the Department of Aging and Disability Services (DADS), have a valid provider agreement with the CSHCN Services Program, have completed the CSHCN Services Program enrollment process, and comply with all applicable state laws and requirements. Out-of-state hospice providers must meet all these conditions, and be located in the United States, within 50 miles of the Texas state border.

Important: CSHCN Services Program providers are responsible for knowing, understanding, and complying with the laws, administrative rules, and policies of the CSHCN Services Program and Texas Medicaid.

By enrolling in the CSHCN Services Program, providers are charged not only with knowledge of the adopted CSHCN Services Program agency rules published in Title 25 Texas Administrative Code (TAC), but also with knowledge of the adopted Medicaid agency rules published in 1 TAC, Part 15, and specifically including the fraud and abuse provisions contained in Chapter 371.

CSHCN Services Program providers also are required to comply with all applicable laws, administrative rules, and policies that apply to their professions or to their facilities. Specifically, it is a violation of program rules when a provider fails to provide health-care services or items to recipients in accordance with accepted medical community standards and standards that govern occupations, as explained in 1 TAC §371.1617(6) for Medicaid providers, which also applies to CSHCN Services Program providers as set forth in 25 TAC §38.6(b)(1). Accordingly, CSHCN Services Program providers can be subject to sanctions for failure to deliver, at all times, health-care items and services to recipients in full accordance with all applicable licensure and certification requirements. These include, without limitation, requirements related to documentation and record maintenance, such that a CSHCN Services Program provider can be subject to sanctions for failure to create and maintain all records required by his/her profession, as well as those required by the CSHCN Services Program and Texas Medicaid.

Refer to: Section 2.1, “Provider Enrollment,” on page 2-2 for more detailed information about CSHCN Services Program provider enrollment procedures.

22.2 Benefits, Limitations, and Authorization Requirements

The CSHCN Services Program may reimburse for hospice services for clients.

Hospice care includes palliative care for clients with a prognosis of 6 months or less.

Services must be related to palliative care for the terminal diagnosis and may include any or all of the following services: direct care, respite, durable medical equipment, supplies, and medications prescribed for the terminal illness.

Direct care services may include:

- Skilled nursing services
- Social work services
- Home health aide services
- Pastoral care services
- Medical supervision by the hospice medical director
- Physical therapy and occupational therapy
- Speech-language pathology services
- Dietitian services

The hospice benefit does not cover curative care for the terminal diagnosis. Coverage for conditions unrelated to the terminal illness is unaffected.

If nutritional supplements are the client’s sole source of nutrition, the supplements are included in the per diem rate.

Total parenteral nutrition (TPN) provided to a client on hospice services may be reimbursed separately according to the TPN policy.

Refer to: Section 25.5.2, “Benefits, Limitations, and Authorization Requirements,” on page 25-13 for TPN benefits, limitations, and authorization requirements.
Hospice and home health services may not be reimbursed on the same date of service, with the exception of the initial date of service when the client is being discharged from home health service and admitted to hospice service.

### 22.2.1 Prior Authorization Requirements

Prior authorization is required for hospice services. TMHP-CSHCN Services Program medical review staff review requests for hospice services. Hospice services may be prior authorized up to a maximum of 6 months per request.

Providers must submit the “CSHCN Services Program Prior Authorization Request for Hospice Services” form or the provider’s plan of care (POC) if it includes the same information as the “CSHCN Services Program Prior Authorization Request for Hospice Services” form and the provider and physician signatures. All fields of the prior authorization form must be completed. A copy of the POC, signed and dated by a physician, must be maintained by the physician and hospice provider in the client’s medical record. A copy of the “CSHCN Services Program Prior Authorization Request for Hospice Services” form is available in Appendix B on page B-39.

If the client requires hospice care beyond the initial 6-month period, authorization for additional 6-month periods may be considered with a new request that includes the following documentation:

- An updated “CSHCN Services Program Prior Authorization Request for Hospice Services” form or a POC that includes the same information as the “CSHCN Services Program Prior Authorization Request for Hospice Services” form and the provider and physician signatures.
- An updated description of all direct care, durable medical equipment (DME), supplies, and medications anticipated for the client’s care.

Refer to: Section 4.3, “Prior Authorizations,” on page 4-5 for detailed information about prior authorization requirements.

### 22.3 Claims Information

Claims for hospice services must be billed using the following revenue codes:

<table>
<thead>
<tr>
<th>Revenue Code</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>651</td>
<td>Hospice services - home care</td>
</tr>
<tr>
<td>652</td>
<td>Hospice services - continuous home care - ½ (at least 8 but less than 16 hrs care)</td>
</tr>
<tr>
<td>655</td>
<td>Hospice services - inpatient respite care</td>
</tr>
<tr>
<td>656</td>
<td>Hospice services - general inpatient care/ non-respite</td>
</tr>
</tbody>
</table>

Hospice services must be submitted to TMHP in an approved electronic format or on the UB-04 CMS-1450 paper claim form. Providers may purchase UB-04 CMS-1450 paper claim forms from the vendor of their choice. TMHP does not supply the forms.

When completing a UB-04 CMS-1450 paper claim form, all required information must be included on the claim, as TMHP does not key any information from claim attachments. Superbills, or itemized statements, are not accepted as claim supplements.

Refer to: Chapter 37, “TMHP Electronic Data Interchange (EDI)” on page 37-1 for information about electronic claims submissions.

Chapter 5, “Claims Filing, Third-Party Resources, and Reimbursement” on page 5-1 for general information about claims filing.

Section 5.7.1.7, “Instructions for Completing the UB-04 CMS-1450 Paper Claim Form,” on page 5-27 for instructions on completing paper claims. Blocks that are not referenced are not required for processing by TMHP and may be left blank.
22.4 Reimbursement
Hospice services may be reimbursed the lower of the billed amount or the amount allowed by Texas Medicaid up to the maximum allowed per diem rate. The per diem rate does not cover care for conditions or illnesses unrelated to the terminal diagnosis.
