

Intermittent Power Outages Affecting Secure Provider Portal; Services May Not Be Available

Information posted June 16, 2011

TMHP is experiencing intermittent power outages, which are impacting the services available through the TMHP secure portal. All providers are affected. TMHP is attempting to resolve this issue as quickly as possible. Until the issue is resolved, all providers may be unable to access services through the secure portal.

TMHP regrets any inconvenience this may cause providers.
