

Reimbursement Rates for Some Medical Services, Surgery Services, Technical and Professional Component Procedure Codes to Change for the CSHCN Services Program September 1, 2011

Information posted July 15, 2011

Effective for dates of services on or after September 1, 2011, the reimbursement rates for the some medical and surgery services procedure codes will change for the Children with Special Health Care Needs (CSHCN) Services Program. Reimbursement rates for the technical and professional components of these procedure codes will also change.

In the table on the following pages, rate increases are presented in **green**, and rate decreases are presented in **red**.

The age ranges that are indicated for the rates in the tables reflect the rate for a child (birth through 20 years of age), an adult (21 years of age or older), or a client of any age. The age ranges may not reflect a specific age limitation that has been established that may limit services to a specific client age. To obtain specific age limitations for individual procedure codes, providers can refer to the current *CSHCN Services Program Provider Manual*, *Current Procedural Terminology (CPT)* coding manual, or *Healthcare Common Procedure Coding System (HCPCS)* coding manual.

Note: *The rates in the table do not include any current or future rate reductions that may be applicable.*

For more information, call the TMHP-CSHCN Services Program Contact Center at 1-800-568-2413.
