

Correction to Age Ranges for Immunization Administration Procedure Codes With Counseling

Information posted August 19, 2011

This is a correction to an article titled "[Clarification to 'Immunization Administration Procedure Code Changes'](#)," which was published on May 20, 2011, on [this](#) website. The article incorrectly indicated that procedure codes 90460 and 90461 may be submitted for clients who are 20 years of age and younger when counseling is provided, and that if counseling is provided for clients who are 21 years of age and older, procedure codes 90471, 90472, 90473, and 90474 may be submitted.

The correct information is as follows:

- For clients who are 18 years of age and younger, procedure codes 90460 and 90461 may be submitted when counseling is provided.
- For clients of any age, procedure codes 90471, 90472, 90473, and 90474 may be submitted. Procedure codes 90471, 90472, 90473, and 90474 do not include counseling.
