5010 Readiness Deadline to Remain January 1, 2012, Until Further Notice

Information posted November 22, 2011

This is a follow up to an article titled “Reminder: EDI Version 5010 Required January 1, 2012,” which was posted on October 19, 2011, on the TMHP website at www.tmhp.com. Effective January 1, 2012, providers must be ready to submit Electronic Data Interchange (EDI) transactions to TMHP using EDI Version 5010. The Centers for Medicare & Medicaid Services has extended the deadline to be compliant with EDI Version 5010, but providers must adhere to the December 31, 2011, deadline for EDI transactions submitted to TMHP.

TMHP is evaluating the extended deadline and will provide additional information at a later date if it is determined that the extended deadline applies for EDI transactions. Providers must continue to use the January 1, 2012 date until further notice.
