Alert – Provider Webinars for STAR+PLUS March 1, 2012 Expansion

HHSC has scheduled STAR, STAR+PLUS, children's dental services, and pharmacy benefits provider training webinars. These webinars will use the same PowerPoints that were used in the provider training sessions that just ended. This will give those providers who were unable to attend an opportunity to get the information; these will also be recorded and posted for later viewing.

The video capacity of the webinars is 125 per session and the audio is 300 per session. The presentations that will be used are currently posted on the managed care initiatives website at:

http://www.hhsc.state.tx.us/medicaid/MMC.shtml

and

http://www.hhsc.state.tx.us/medicaid/Children-Medicaid-Dental-Services.shtml

The webinar schedule is listed below. Please note that each webinar topic will be separate to optimize the registration capacity and so that providers will not have to listen to all topics, only the topics pertaining to their practices.

STAR+PLUS Medicaid Managed Care Expansion Presentation
Friday, December 16, 2011
10:30 a.m.
