Effective for dates of service on or after August 1, 2012, the reimbursement rates for some radiopharmaceuticals and musculoskeletal system surgery services will change for the Children with Special Health Care Needs (CSHCN) Services Program. Rates for the following services will change:

- Radiopharmaceuticals
- Musculoskeletal System Surgery Services

The tables that begin on the following page include the procedure codes with rates that will change. In the tables, rate increases are presented in green, and rate decreases are presented in red.

The age ranges that are shown for procedure codes may not reflect the actual age limitations that are associated with the procedure codes. To obtain specific age limitations for individual procedure codes, providers can search the materials available on this website (current provider manuals, bulletins, and website articles) by searching for the procedure code in the Online Fee Lookup (OFL) and then clicking the View button for the procedure code.
