This is a correction to an article titled "Tort Informational Claims Submission for Providers Pursuing Third Parties for Payment" which was published to the TMHP Website at www.tmhp.com on February 1, 2013.

The article incorrectly stated that providers can submit accident-related claims to TMHP for STAR+PLUS clients. TMHP handles accident-related claims only for Medicaid fee-for-service clients and does not handle STAR+PLUS accident-related claims.

For more information, call the TMHP Contact Center at 1-800-925-9126.

TMHP does not accept electronic appeals for claims that are the result of a mass adjustment. Claims with a media source of 051, 080, or 081 must be appealed on paper.

Details are available on the TMHP website at www.tmhp.com.[\[link\]](#)

For more information, call the TMHP Contact Center at 1-800-925-9126.

4 (02/08/13 through 02/22/13)***Attention All Medicaid Providers*******

Providers who determine that a third party may be liable for a STAR+PLUS or Medicaid fee-for-service client's accident-related claim can submit an informational claim to the TMHP Tort Department to indicate that a third party is being pursued for payment. This allows providers to meet the 95-day claims filing deadline so that they can be reimbursed by Texas Medicaid if the payment is not received from the third party.

Details are available on the TMHP website at www.tmhp.com.[\[link\]](#)

For more information, call the TMHP Contact Center at 1-800-925-9126.

This is a clarification for laboratory providers that submit claims for procedure code 80101. If a specimen was tested in the office of a health-care provider, then sent to a laboratory for further testing, the laboratory provider must submit paper claims to Texas Medicaid with documentation that explains the reason for the duplicate testing.

Electronic claims for procedure code 80101 that require documentation will be denied because attachments cannot be submitted on electronic claims. Appeals of denied claims must be submitted on paper with documentation that explains the reason for the duplicate testing.

For more information, call the TMHP Contact Center at 1-800-925-9126.
