ICD-10 Diagnosis Codes for Substance Abuse, Use, and Dependency

Information posted June 7, 2013

The *International Classification of Disease*, Tenth Revision (ICD-10), becomes effective October 1, 2014. Providers should know that ICD-10 diagnosis codes for substance abuse, use, and dependence will be more specific to the level of service. Additional information about benefits, limitations, and coding specificity will be provided before the implementation of ICD-10.
