Proposed Reimbursement Rate for Procedure Code J1725 to Be Effective October 1, 2013

Information posted August 29, 2013

At a public rate hearing on August 20, 2013, the Texas Health and Human Services Commission (HHSC) presented reimbursement rate changes for physician-administered drugs procedure code J1725 to be effective October 1, 2013.

For more information, providers may refer to the HHSC rate analysis web page at www.hhsc.state.tx.us/rad/rate-packets.shtml. Additional details will be published on this website as they become available.

Providers can refer to an article titled “New Procedure Code for Trademarked 17Alpha Hydroxyprogesterone Caproate,” which was published on this website on August 16, 2013, for more information about procedure code J1725.
