

Professional Reimbursement Rate for Blood Factor Products to Change for the CSHCN Services Program

Information posted July 11, 2014

Effective July 24, 2014, for dates of service on or after July 1, 2014, the reimbursement rate for professional services for blood factor products will change from 49 percent of the rate allowed by Texas Medicaid to the lower of the billed amount or 70 percent of the rate allowed by Texas Medicaid.

Affected claims that are processed before July 24, 2014, with dates of service on or after July 1, 2014, will be reprocessed, and providers may receive additional payment, which will be reflected on Remittance and Status (R&S) Reports.

Outpatient hospital services will continue to be reimbursed at 80 percent of the rate allowed by the Tax Equity and Fiscal Responsibility Act (TEFRA) of 1982, which is equivalent to the hospital's Medicaid interim rate.

For more information, call the TMHP-CSHCN Services Program Contact Center at 1-800-568-2413.
