TMHP EDI Connectivity Guide Has Been Updated

Information posted July 18, 2014

The TMHP Electronic Data Interchange (EDI) Connectivity Guide has been updated. The revised guide is available on this website on the EDI Technical Information web page.

Reminder: Effective July 1, 2014, the legacy virtual private network (VPN) connection is no longer available. Providers must use the new VPN solution called AnyConnect to connect to TMHP.

For more information, call the TMHP Contact Center at 1-800-925-9126.
