UPDATE to Statewide Implementation of the HHSC Electronic Visit Verification Initiative

Information posted September 2, 2014

Electronic Visit Verification (EVV) will be implemented in managed care, acute care fee-for-service, and Department of Aging and Disability Services (DADS) fee-for-service on January 1, 2015, with full compliance required by March 1, 2015.

Statewide implementation of EVV on January 1, 2015, will include attendant services and private duty nursing (PDN) services provided in the home and in the community. Nursing services other than PDN will not be included in EVV on January 1, 2015, but may be considered for implementation in EVV at a later date.

Please refer to the following article posted on the DADS website at www.dads.state.tx.us/evv/news.cfm for more information.
