Updated Medicaid Basics Computer-Based Training
Now Available

Information posted September 26, 2014

The Medicaid Basics computer-based training (CBT) has been updated and is now available.

Providers can access the CBT on TMHP’s Learning Management System (LMS) as follows:

1. Click the **Provider Education** button on any Medicaid web page. The Provider Education homepage appears.

2. Click the **Computer-Based Training** button. The CBT web page appears.

3. Click **View CBT Now** in the same row as the name of the CBT that you want to view. The LMS appears in a new window.

4. Log in to an existing account or create a new account. New visitors to the LMS can take courses immediately after they register.

Providers can access CBTs on the LMS at any time.
