

New ICD-10 Benefit Change Articles Posted October 31, 2014, for Texas Medicaid: Refer to the TMHP ICD-10 Benefit Updates Web Page for Details

Information posted October 31, 2014

Note: *This article applies to claims submitted to TMHP for processing. For claims processed by a Medicaid managed care organization (MCO), providers must refer to the MCO for information about benefits, limitations, and reimbursement.*

Effective for dates of service on or after October 1, 2015, TMHP will implement the *International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM)* diagnosis coding changes as directed by the Centers for Medicare & Medicaid Services (CMS).

In preparation for the implementation of the ICD-10-CM diagnosis code changes, TMHP, the Texas Health and Human Services Commission (HHSC), and the Texas Department of State Health Services (DSHS) are updating medical policies to include proposed ICD-10-CM diagnosis codes that will be effective for dates of service on or after October 1, 2015.

Important: At this time, the list or lists in this article that identify the ICD-10-CM replacements for specific *International Classification of Diseases, Ninth Revision, Clinical Modification (ICD-9-CM)* diagnosis codes may not be all-inclusive. As medical policies continue to update, the list or lists of ICD-10-CM diagnosis codes for specific benefits are subject to change. Providers will be notified if lists change.

TMHP has created the [ICD-10 Benefit Updates web page](#) to inform providers of ICD-10-CM benefit updates as they become available. Benefit changes will be added to this new web page each week. Providers are encouraged to refer to this page regularly for the most up-to-date information.

The following articles have been posted to the new web page for Texas Medicaid ICD-10 benefit updates:

- Pediatric Pneumogram
- Prognostic Breast and Gynecological Cancer Studies
- Diabetic Equipment and Supplies Home Health Services
- Physician Evaluation and Management Services
- Diagnostic Doppler Sonography
- Evoked Response Tests and Neuromuscular Procedures
