Information posted December 12, 2014

Effective for dates of service on or after October 1, 2015, TMHP will implement the *International Classification of Diseases, Tenth Revision, Clinical Modification* (ICD-10-CM) diagnosis coding changes as directed by the Centers for Medicare & Medicaid Services (CMS).

In preparation for the implementation of the ICD-10-CM diagnosis code changes, TMHP, the Texas Health and Human Services Commission (HHSC), and the Texas Department of State Health Services (DSHS) are updating medical policies to include proposed ICD-10-CM diagnosis codes that will be effective for dates of service on or after October 1, 2015.

Important: At this time, the list or lists in this article that identify the ICD-10-CM replacements for specific *International Classification of Diseases, Ninth Revision, Clinical Modification* (ICD-9-CM) diagnosis codes may not be all-inclusive. As medical policies continue to update, the list or lists of ICD-10-CM diagnosis codes for specific benefits are subject to change. Providers will be notified if lists change.
