

Autism Screening Required at 18 and 24 Months of Age for Preventive Care Medical Checkups for the CSHCN Services Program

Information posted February 13, 2015

Effective for dates of service on or after April 1, 2015, preventive care medical checkup criteria will change for the Children with Special Health Care Needs (CSHCN) Services Program.

CSHCN Services Program providers will be required to perform an autism screening during a preventive care medical checkup on clients at 18 and 24 months of age.

For more information, call the TMHP-CSHCN Services Program Contact Center at 1-800-568-2413.
