Hospice Forms Not Viewable in Current Activity

Information posted April 6, 2015

TMHP has identified an issue that affects Hospice providers’ ability to view Hospice Forms 3071 and 3074 in the Current Activity section on the Long Term Care (LTC) Online Portal. Because these forms are not viewable in Current Activity, Hospice providers should use the Form Status Inquiry (FSI) function to search for, and view these forms.

This issue will be corrected by Friday, April 24, 2015; at which time Hospice forms submitted, or those which had status changes in the past 14 days will be viewable in Current Activity. TMHP apologizes for any inconvenience.

For more information, call the LTC Help Desk at 1-800-626-4117, Option 1.
