New Nonemergency Medical Transportation (NEMT) Provider to Begin Services in Region 8 Effective June 1, 2015

Information posted April 27, 2015

Effective June 1, 2015, LogistiCare Solutions LLC., will begin providing nonemergency medical transportation (NEMT) services in Managed Transportation Organization (MTO) Region 8.

Clients who reside in MTO Region 8 should continue to call 1-877-633-8747 to schedule their ride or other transportation services. Individual Transportation Participants (ITPs) properly enrolled in the mileage reimbursement program with the current provider, LeFleur, do not need to reenroll. However, ITPs will be required to keep their documentation updated with the new provider, LogistiCare.

The Medical Transportation Program (MTP) will host several forums to educate clients, health care providers, and other stakeholders about the transition in May. Please see the April 24, 2015 edition of the Texas Register for additional details.

Transportation providers (subcontractors) interested in providing services for LogistiCare in Region 8 should contact LogistiCare using the following information:

   Jermain Gomes, Regional Manager, LogistiCare Solutions, LLC.
   Phone: 1-877-564-9832, extension 2099
   Email address: nabiyh.gomes@logisticare.com
   Fax: 1-877-585-8793

For more information, call MTP at 1-855-435-7182.
