The Department of Aging and Disability Services (DADS) has published a new website that provides information about the upcoming ICD-10 transition. This website provides:

- Information on the differences between the ICD-9 and ICD-10 code sets.
- Question and answers for providers.
- Links to information about ICD-10 and training events.
- An ICD Conversion Code Lookup for Related Conditions.
- Information from DADS regarding the ICD-10 transition.

The ICD Conversion Code Lookup for Related Conditions is a tool that providers can use to help them identify Related Conditions codes that directly convert from ICD-9 to ICD-10.

DADS encourages providers to visit the website to learn more about the ICD-10 transition, which is scheduled for Oct. 1, 2015, and to keep up-to-date with information. Providers also can sign up for ICD-10 email updates.

For questions regarding this alert or general ICD-10 inquiries, email ICD10@dads.state.tx.us.
