

HHSC Inspector General (IG) launches new Integrity Initiative

Information posted April 21, 2016

The HHSC Inspector General (IG) has launched the [IG Integrity Initiative](#), a new collaboration between the IG and Medicaid providers, managed care organizations (MCOs), and any individual or entity that receives Medicaid funding.

The initiative will strengthen the effort to root out fraud, waste, and abuse in Texas Medicaid by building a community policing framework structured on a statewide integrity network.
