

Taxonomy Codes Added for some Medicaid and CSHCN Services Program Providers

Information posted April 29, 2016

As of June 1, 2016, TMHP has added taxonomy codes associated with obesity medicine, advanced heart failure and transplant cardiology, and pharmacy services. Providers are encouraged to verify that they have designated all appropriate taxonomy codes.

Providers who wish to update their taxonomy codes may do so online by clicking the "[I would like to...](#)" link located in the upper right-hand corner of this website and selecting "Attest a National Provider Identifier (NPI)."

To update taxonomy codes on paper, providers may submit a [Provider Information Change \(PIC\) Form](#) available for download on the [TMHP Forms web page](#).

The following taxonomy codes were added:

Provider Type	Taxonomy code
Physician	2080B0002X (Pediatrics, Obesity Medicine)
Physician	2083B0002X (Preventive Medicine, Obesity Medicine)
Physician	207RA0001X (Internal Medicine, Advanced Heart Failure and Transplant Cardiology)
Pharmacist	1835P2201X (Pharmacist, Ambulatory Care)

The descriptions of the following taxonomy codes were changed:

Provider Type	Taxonomy code
Physician	207QB0002X (Family Medicine, Obesity Medicine)
Physician	207RB0002X (Internal Medicine, Obesity Medicine)
Physician	207VB0002X (Obstetrics & Gynecology, Obesity Medicine)
Physician	2084B0002X (Psychiatry & Neurology, Obesity Medicine)

Providers can refer to the [Washington Publishing Company website](#) for complete descriptions of the taxonomy codes. For more information, call the TMHP Contact Center at 1-800-925-9126 or the TMHP-CSHCN Services Program Contact Center at 1-800-568-2413.
