Update – DADS Technical Issue Affecting Forms Submission

Information posted May 6, 2016

As previously reported on this website, the Department of Aging and Disability Services (DADS) is currently experiencing technical problems affecting ALL forms submitted by providers on the Texas Medicaid & Healthcare Partnership (TMHP) Long Term Care (LTC) Online Portal.

DADS apologizes for this inconvenience and continues working to resolve this issue as quickly as possible.

DADS strongly encourages providers to continue monitoring this site for the most current information and updates regarding this situation.

Note: Neither DADS Provider Claims Services or TMHP have further information at this time. DADS will continue to post additional information as it becomes available.

Forms affected by this issue include the following:

- MDS Assessments, Medical Necessity and Level of Care - Version 3.0 (MN/LOC) Assessments, Forms 3618- Resident Transaction Notice and Forms 3619 - Medicare/Skilled Nursing Facility Patient Transaction Notice, and ALL PASRR forms submitted after Thursday, April 28, 2016, will display one of the following statuses on the LTC Online Portal:
  - SAS Pending
  - Medicaid ID Pending
  - Pending Medicaid Eligibility
  - Pending Applied Income

- Forms 8578 - Intellectual Disability/Related Condition Assessment (ID/RC) and Individual Movement Forms (IMT) submitted beginning Saturday, April 30, 2016, will display one of the following statuses on the LTC Online Portal:
  - SAS Pending
  - Medicaid ID Pending
  - Pending Medicaid Eligibility
  - Pending Applied Income

Note: Providers can continue submitting new forms and assessments onto the LTC Online Portal and can also continue to bill in accordance with MESAV information.
