Missed the First MDS 3.0 RAI Training? Another is Set for January in San Antonio and South Texas Region

Information posted November 3, 2016

You are invited to attend a Minimum Data Set (MDS) 3.0 Resident Assessment Instrument (RAI) Refresher course for new MDSC or as a refresher for seasoned MDSC in San Antonio on January 23, 2017. The purpose of this training is to provide a foundation of understanding for the MDS/RAI process. Attendance is limited to 100 seats. Click here to register.

The training will:

- Cover the key components of the RAI process.
- Provide a basic knowledge to help navigate the complicated assessment combinations.
- Provide a brief orientation on the new federal regulations related to the Care Plan Process.

The meeting will be at the Alamo Area Council of Governments, 8700 Tesoro Drive, Suite 100 in San Antonio.
