History Notes Missing on Some LTC Forms

Information posted April 13, 2017

TMHP has identified an issue with missing History notes associated with status changes on some Long Term Care (LTC) forms. Affected forms include:

- Federal MDS 3.0 Assessment
- 3618 Resident Transaction Notice
- 3619 Medicare/Skilled Nursing Facility Patient Transaction Notice
- 8578 Intellectual Disability/Related Condition Assessment
- Individual Movement Form

This issue does not affect the processing of these forms.

TMHP is working on this issue, and resolution of the problem is expected to be completed by April 28, 2017. TMHP apologizes for any inconvenience.
