A revision to the list of private nursing facilities active as of Dec. 30, 2018 and eligible for enrollment in Quality Incentive Payment Program (QIPP) year three has been posted to the QIPP website. The below changes are included in the revision.

- **Annualized Days** - The column displaying annualized days has been removed to prevent confusion within the provider community. Days of service will be annualized based on the data source of historical units of service used for enrollment.
- **Total Days of Service** - An error in the methodology was corrected resulting in a change to total days for a small number of facilities.

Email QIPP quality monitoring staff with your questions. Put “QIPP Year Three Eligibility” in the subject line.
