Upcoming Re-broadcast of LTC Community Services Waiver Program Webinar for Long Term Care Providers

Information posted January 22, 2019

On Thursday, February 7, 2019, from 10:30 a.m. to 12:00 p.m., TMHP will offer a broadcast of the live training webinar from November 2018, to help Long Term Care (LTC) providers submit forms and assessments accurately and efficiently on the LTC Online Portal.

Note: Because this is a re-broadcast of the Waiver Program webinar from November 2018, there will be no live Q&A session. Attendees who submit questions will receive their answers within seven to ten business days and may also find their answers in the updated Q&A document, which will be posted to this website after the re-broadcast. Click here to review the Q&A session from the original webinar.

During the re-broadcast session, a recording will display on the attendee’s computer screen, and the video’s audio feed will only be played through Computer audio (mic and speakers). Attendees will not be able to dial into the webinar via phone, so they should be sure to have headphones or a headset readily available. If there are any technical issues in hearing the video, attendees should check the speaker volume and/or audio output of their computers.

Providers will be able to access training materials and submit questions through the GoToWebinar software.

Topics covered:
- Navigating the LTC Online Portal
- The Yellow Form Actions Bar
- Submitting a Medical Necessity and Level of Care (MN/LOC 3.0) Assessment
