Final quality metrics and performance requirements for year three of the quality incentive payment program (QIPP), which begins September 1, 2019, were published as a single downloadable packet to the QIPP Resources webpage on February 1, 2019. The following changes are included in the revision:

- Clarifying language throughout, based on public comments received
- Revised definitions regarding telehealth services
- Revised quality metric and reporting responsibilities regarding the pneumococcal vaccine measure

If you have any questions, contact QIPP quality monitoring staff via email and indicate "QIPP Year Three Quality Metrics“ in the subject line.
