Transition to Practice for Nurses in the LTC Setting Laredo

Information posted April 23, 2019

Long-Term Care Regulatory providers and are invited to attend the Transition to Practice for Nurses in the Long-term Care Setting in May.

**May 7 - 8, 2019**
8:30 a.m. – 4:30 p.m.
HHSC
500 E Mann Rd. Ste. B4
Laredo, TX 78041
[Register Now](#)

This two-day course is for registered professional nurses who provide direct client services, and monitor or evaluate the care of older people with disabilities.

Participating nurses will gain valuable resources and takeaways to support their transition and prepare them to offer the highest possible level of care to nursing facility residents. Participants will be provided with a toolkit including evidence-based best practice information on topics such as:

- Medication administration.
- Abuse, neglect, and exploitation.
- Documentation, transition to practice and time management.
- Alzheimer's disease and dementia.
- Retention, success in the workplace and ethics.

Registered nurses earn 8.5 contact hours upon successful completion of this activity. Class size is limited. [Register now](#). For questions, contact Camille Johnson at [JointEd.Services@hhsc.state.tx.us](mailto:JointEd.Services@hhsc.state.tx.us).
