Upcoming Training Webinar for Long-Term Care Providers

Information posted July 3, 2019

TMHP will offer a live training webinar in two parts in July 2019 designed to help long-term care (LTC) providers submit Preadmission Screening and Resident Review (PASRR) forms accurately and efficiently on the LTC Online Portal. This two-part webinar allows providers the opportunity to take advantage of online training that covers LTC Online Portal topics relevant to their daily operations.

During the live webinar sessions, providers will be able to access training materials, submit questions, and participate in the courses. The webinars will be conducted by a TMHP Training Services Representative and will each include a question and answer session.

IMPORTANT NOTE: Attendees should already be familiar with the LTC Online Portal. Those who are not familiar with the portal should register for and complete the Long Term Care (LTC) Online Portal Basics Computer-Based Training (CBT) prior to the webinar.

The following is information on the webinars and on how to register.
