Changes to Remittance and Status (R&S) Reports

Information Posted November 22, 2019

Starting with the December 4, 2019, R&S cycle, Pending Transferred (“T”) and Forced Transferred (“FT”) claims will no longer appear on Remittance and Status (R&S) Reports if the date of service is older than September 1, 2017, and no status updates have taken place since November 30, 2019. If a status update does occur at a later date, the claim will appear on the next R&S Report cycle. This change is being made to prevent delays of the R&S Report.

This change will not affect Non-Pending Electronic R&S Reports (835 Files) or Financial Summary Reports (FSR).

For more information, call the Long-Term Care Help Desk at 1-800-626-4117, Option 1.
