

New Guidance for LTCR Providers on Coronavirus

Information Posted March 2, 2020

LTCR urges all providers to review the Centers for Disease Control's [new guidance](#) on strategies to prevent the spread of COVID-19 in long-term care facilities. To ensure you have the most current information on COVID-19, visit the [CDC](#) and [DSHS](#) websites. For questions or guidance, call one of the DSHS hotlines:

- 888-963-7111
- 877-570-9779

All providers must continue to follow all laws, regulations, guidance and their own internal policies and procedures related to infection control.
