

Register and Use the IDD Operations Portal During COVID-19

Information posted March 24, 2020

IDD Program Eligibility and Support and IDD Utilization Review encourages long-term care IDD providers and local IDD authorities to register and use the IDD Operations Portal to electronically submit, receive, and track documents for the people they are serving.

IDD Program Eligibility and Support and IDD Utilization Review are limiting the number of staff at our location and working remotely due to the Corona virus. The electronic submissions through the IDD Operations Portal will allow us to review documents in a timely manner.

[Visit the IDD Operations Portal website](#) for registration information and training resources.

Email idd_ops_portal@hhsc.state.tx.us with questions about the IDD Operations Portal.
