

HHSC Electronic Visit Verification (EVV) Business Rules for Proprietary Systems
Appendix D – EVV Master Provider Web Service
Effective 1/31/2020

Type of Record	Extract Data Element/Field Name	Required/ Informational/ Conditional	Vendor UI Rule	Web Service Result/Transformation Logic
Input	NPI OR API	Required	N/A	
Input	AS OF DATE	Required	N/A	
Output	ERROR MESSAGE	N/A	N/A	Return 'Unexpected System Error' if there is a system error when trying to match on the input parameters and build a return object.
Output	VALIDATION ERRORS	Optional	N/A	<p><u>Format validation for NPI/API</u></p> <p>Validation: If the NPI/API field is a 10 digit string Then the system passes the validation Else the system throws a Validation Error Message</p> <p>Validation Error Message: The NPI/API field is not in a valid format.</p> <p><u>Range validation for AsOfDate</u></p> <p>Validation: If the AsOfDate field is >='04/01/2015' Then the system passes the validation Else the system throws a Validation Error Message</p> <p>Validation Error Message The AsOfDate field needs to be greater than or equal to 04/01/2015.</p> <p><u>Validate NPI/API and AsOfDate Combination</u></p> <p>Validation: If the search using the input parameters (As defined in the Values column of the input parameters) yield results in LongTermCareProviderResult OR AcuteCareProviderResult OR LTSSProviderResult</p> <p>Then the system passes the validation</p>

Type of Record	Extract Data Element/Field Name	Required/ Informational/ Conditional	Vendor UI Rule	Web Service Result/Transformation Logic
				Else the system throws a Validation Error Message Validation Error Message: Provider cannot be validated/ found for the NPI/API and AsOfDate Combination.
Output	PROVIDER RESULT TYPE	N/A	N/A	
Output	TIN	Required	Not Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	TPI	Conditional	Not Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Default Blank LTSSProviderResult : Default Blank
Output	TAXONOMY	Conditional	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Default Blank LTSSProviderResult : Default Blank
Output	CONTRACT NUMBER	Conditional	Not Editable	AcuteCareProviderResult : Default Blank LongTermCareProviderResult : Populated LTSSProviderResult : Default Blank
Output	SERVICE GROUP	Conditional	Not Editable	AcuteCareProviderResult : Default Blank LongTermCareProviderResult : Populated LTSSProviderResult : Default Blank
Output	SERVICE CODE	Conditional	Not Editable	AcuteCareProviderResult : Default Blank LongTermCareProviderResult : Populated LTSSProviderResult : Default Blank
Output	FROM DATE	Required	Not Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	TO DATE	Conditional	Not Editable	AcuteCareProviderResult : Default Blank LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	LEGAL NAME	Required	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	DBA NAME	Informational	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Default Blank
Output	ADDRESS 1	Informational	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated

Type of Record	Extract Data Element/Field Name	Required/ Informational/ Conditional	Vendor UI Rule	Web Service Result/Transformation Logic
Output	ADDRESS 2	Informational	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	CITY	Informational	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	STATE	Informational	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	ZIP	Informational	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Populated
Output	REGION	Informational	Editable	AcuteCareProviderResult : Populated LongTermCareProviderResult : Populated LTSSProviderResult : Default Blank
Output	BAD ADDRESS INDICATOR	Conditional	Not Editable – for internal use only, do not display	AcuteCareProviderResult : Populated ('TRUE' OR 'FALSE') LongTermCareProviderResult : default 'FALSE' LTSSProviderResult : default 'FALSE'
Output	PENDING INDICATOR	Conditional	Not Editable – for internal use only, do not display	AcuteCareProviderResult : Populated ('TRUE' OR 'FALSE') LongTermCareProviderResult : default 'FALSE' LTSSProviderResult : default 'FALSE'
Output	SANCTION INDICATOR	Conditional	Not Editable – for internal use only, do not display	AcuteCareProviderResult : Populated ('TRUE' OR 'FALSE') LongTermCareProviderResult : default 'FALSE' LTSSProviderResult : default 'FALSE'
