Advantages of using TMHP's Electronic Services

- *It's fast.* No more waiting by the mailbox or telephone inquiries; know what's happening to claims in less than 24 hours and receive reimbursement for approved claims within a week. TexMedConnect users can submit individual requests interactively and receive a response immediately.
- *It's free.* All electronic services offered by TMHP are free, including TexMedConnect and its technical support and training.
- *It's easy.* TMHP offers free computer-based training for TexMedConnect, Medicaid billing, and many other topics, as well as a large library of reference materials and manuals on www.tmhp.com.
- *It's safe.* TMHP EDI services use VPN and SSL connections, just like the United States government, banks, and other financial institutions, for maximum security.
- *It's accurate.* TexMedConnect and most vendor software programs have features that let providers know when they've made a mistake, which means fewer rejected and denied claims. Rejected claims are returned with messages that explain what's wrong, so the claim can be corrected and resubmitted right away.
- *It's there when it's needed.* Electronic services are available day and night; from home, the office, or anywhere in the world.
- *It makes record keeping and research easy.* Not only can TexMedConnect be used to send and receive claims, it can retrieve Electronic Remittance and Status Reports, perform claim status inquiries, and archive claims. TexMedConnect can generate and print reports on everything it sends, receives, and archives.

Note: *TexMedConnect can also be used to file claims to managed care organizations. TMHP forwards the claim data to the Managed Care Organization.*

Limitations to Client Eligibility

Additional information about client eligibility is available in the current *Texas Medicaid Provider Procedures Manual*.

EMERGENCY

Client is limited to coverage for an emergency medical condition. Emergency means a medical condition manifesting itself by acute symptoms of sufficient severity such that the absence of immediate medical attention could reasonably be expected to result in placing the client's health in jeopardy, serious impairment of bodily functions, or serious dysfunction of any body organ or part.

LIMITED

Client is limited to seeing a specific provider or pharmacy. Refer to the current *Texas Medicaid Provider Procedures Manual* for exceptions. In the event of emergency medical conditions, the limited restriction does not apply.

HEALTHY TEXAS WOMEN

HTW is available to women who are 15 through 44 years of age, have a net family income at or below 200 percent of the Federal Poverty Level, are United States citizens or qualified immigrants, are Texas residents, are not pregnant, do not have creditable health insurance, and do not currently receive Medicaid, Medicare (Part A or B), or CHIP Program benefits. HTW provides a continuous 12-month certification period with limited family planning services.

HOSPICE

Client waives the right to Medicaid services related to the terminal condition but not to services for conditions unrelated to the terminal condition. The Department of Aging and Disability Services Hospice reimburses the provider for all services related to the treatment of the terminal illnesses. When the services are unrelated to the terminal illness, Medicaid reimburses its providers directly.

PRESUMPTIVE ELIGIBILITY

Client is eligible only for medically necessary outpatient services and family planning services. Labor, delivery, inpatient, and Texas Health Steps medical and dental services are not covered.

CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP) PERINATAL PROGRAM

The CHIP Perinatal Program, provides CHIP perinatal benefits for 12 months to the unborn children of non-Medicaid-eligible women. This program allows pregnant women who are ineligible for Medicaid because of income (186 to 200 percent of the Federal Poverty Level) or immigration status (with an income at or below 200 percent of the Federal Poverty Level) to receive prenatal care and provides CHIP benefits to the child upon delivery for the duration of the coverage period.

MEDICALLY NEEDY PROGRAM

The Medically Needy Program with spend down is limited to children who are 18 years of age or younger and pregnant women of any age. The Medically Needy Program provides Texas Medicaid benefits to children (18 years of age or younger) and pregnant women whose income exceeds the eligibility limits under Temporary Assistance for Needy Families (TANF) or one of the TANF cash assistance programs for children but is not enough to meet their medical expenses. Coverage is available for services within the amount, duration, and scope of Texas Medicaid. Individuals are considered adults beginning the month following their 19th birthday.

MEDICAID FOR BREAST AND CERVICAL CANCER
