In the nearly 80 days since the December 13, 2021, deployment of the Provider Enrollment and Management System (PEMS) system, Texas Medicaid & Healthcare Partnership (TMHP) has heard from many providers and used their feedback to enhance the provider user experience. This update highlights the most frequent topics about which providers have communicated a need for additional support or functionality, and is the first of a number of updates which will be issued over the next few weeks. TMHP will be increasing the frequency of updates such as this one in order to share added training modalities, system enhancements, and system changes, all designed to improve functionality based on provider feedback and post-deployment observations.
