1.1.5 TMHP Regional Representatives

The TMHP Provider Relations Department comprises a staff of Austin-based and field-based provider relations representatives who serve the health-care community by furnishing a variety of services and activities designed to inform and educate health-care providers about the CSHCN Services Program policies and claims filing procedures.

Provider Relations activities include the following:

- Provider education through planned events. Provider representatives conduct a planned program of
 educational workshops, webinars, computer-based training (CBT), in-services, and training
 sessions designed to keep all actively-enrolled providers informed of the latest policies, claim
 processing procedures, and federal and state regulations affecting CSHCN Services Program.
 Technical support and training are also provided to TexMedConnect software users.
- Problem identification and resolution. A staff of research coordinators is available to assist providers with clarification of Medicaid policies and assist with in-depth problem claim submission issues after initial inquiries are made with the CSHCN Contact Center. Coordinators work closely with field-based regional representatives to coordinate the educational needs of the community.

• Relationship with professional health-care organizations. To ensure that Texas associations that represent health-care professions have up-to-date information about the requirements for participation in the CSHCN Services Program, the Provider Relations Department maintains a working relationship with these organizations. Also, the Provider Relations Department participates in several events sponsored by Texas health-care associations, such as conventions and conferences.

Providers must call the TMHP-CSHCN Services Program Contact Center at 1-800-568-2413 to speak to a representative who can answer questions.

If the Contact Center representative determines that an inquiry can best be handled by the TMHP Provider Relations department, the inquiry will be forwarded to Provider Relations. For example, providers who want to talk to their Provider Relations representative about a visit, in-service, or training, can call the Contact Center, and the Contact Center will forward the request to Provider Relations.

Provider relations representatives, the area they serve and additional information, including a regional listing by county and workshop information, is available on the TMHP website at www.tmhp.com/resources/provider-support-services.
