

PROVIDER ENROLLMENT QUESTIONS?

LET'S CHAT

PEAT IS NOW AVAILABLE 24/7
ON THE TMHP WEBSITE.

The Provider Enrollment Assistance Tool (PEAT) is the new TMHP chat assistant for provider enrollment. PEAT can help you with:

- Existing enrollments.
- Revalidation.
- Reenrollment.
- PEMS maintenance requests.

PEAT knows how to find the right answers

PEAT uses TMHP's provider manuals, training materials, reference guides, and instructions to:

- Answer enrollment and revalidation questions.
- Find specific enrollment and revalidation instructions for Facility, Group, Performing Provider, Individual, and Ordering- and Referring-Only Providers.
- Help you update your provider information.
- Help you avoid and fix common deficiencies and errors.

PEAT can help you get support from TMHP Provider Representatives

If PEAT can't answer your question, don't worry! PEAT can help you schedule an appointment for a walk-through with a provider representative.

Ready when you are

PEAT is available 24 hours a day, 7 days a week. When you're ready to get started, just go to the **Provider Enrollment web page** on **tmhp.com**.

Before you get started, you'll need:

- To be enrolled now or have been enrolled in the past.
- Your NPI and related information, such as your taxonomy code and ZIP code.
- A "My Account" on **tmhp.com**.
- Contact and availability information that can be used to schedule a Microsoft Teams meeting.

Let PEAT start helping you today!
