

# PREPARING FOR PEMS

The new **Provider Enrollment and Management System** (PEMS) will be your single source for Texas Medicaid **enrollment, reenrollment, revalidation**, and provider **information management** tasks. PEMS automates and streamlines the provider enrollment process, making it **easier than ever** to complete program enrollment. Follow these three steps to **get ready for PEMS**:

## LEARN MORE

Scan or click the QR code to visit the [TMHP YouTube channel](#) for more information on PEMS.

A STATE MEDICAID CONTRACTOR

1

### VERIFY YOUR INFORMATION BY NOV. 30, 2021

PEMS is a consolidated NPI-based system for provider enrollment and management tasks.

To avoid delays when you start using PEMS, visit the [National Plan and Enumeration System \(NPPES\)](#) website to ensure all taxonomies used to bill for Texas Medicaid services are associated with your NPI by **Nov. 30, 2021**.

2

### CREATE A SECURE TMHP PORTAL ACCOUNT

A TMHP Portal Account will be required to access PEMS. If you already have a portal account, you will be able to access PEMS as soon as it becomes available.

If you don't have a portal account, watch for future communications like this for instructions on setting up an account.

3

### KEEP YOUR EMAIL ADDRESS CURRENT WITH TMHP

When you set up your TMHP portal account (step 2), TMHP will immediately send you a PIN by email. If TMHP does not have an email address on file for you, you will receive a PIN by traditional mail.

Update the email addresses associated with your program enrollments using your current processes.

**A new provider enrollment and management system is coming soon. But you can prepare today!**

## STAY UP-TO-DATE

TMHP will continue to publish updates leading up to the PEMS release in December 2021. Check [tmhp.com](#) often for news, updates, training opportunities and more.
